## About GambleAware

GambleAware is the leading independent charity and strategic commissioner working to keep people safe from gambling harms.

We are the leading strategic commissioner of gambling harm education, prevention, early intervention, and treatment across Great Britain. We work in close collaboration with the NHS, clinicians, local and national government, gambling treatment providers, as well as other mental health services. We operate across four key areas by:

- Providing support, advice, and tools to help people make informed decisions about gambling. We
  help people understand and recognise the risks of gambling, and direct them to more information,
  help and support, should they need it.
- Commissioning the National Gambling Support Network (NGSN), a group of organisations across
  Great Britain which provides free, confidential treatment, as well as the National Gambling Helpline
  which takes around 52,000 calls and online chats a year.
- Commissioning research and evaluation to increase our knowledge and understanding of what works in the prevention of harm.
- Producing public health campaigns on a national scale and providing practical support to local services and partners.

If you're worried about how gambling makes you feel, we can help. For free and confidential advice, tools and support, search GambleAware or contact the National Gambling Helpline, available 24/7, on 0808 8020 133.

#### Our independence

As an independent charity, GambleAware has an extremely robust system of governance processes in place, is accountable to the Charity Commission, and works to hold the gambling industry to account. Members of our independent Board of trustees are leaders within the NHS and public health sector and have no connection to the gambling industry. We work closely with DCMS, DHSC, OHID and the Gambling Commission, who all recognise our integrity and independence. The gambling industry has absolutely no input, influence or authority over any of our activity.

#### Governance

We have robust governance processes to guarantee our independence from the gambling industry. Our Board of Trustees have extensive public health and NHS backgrounds and are selected based on their expertise to support the commissioning of best practice national prevention, education, treatment and support services. GambleAware is committed to the Charity Governance Code, which includes a priority to be transparent and accountable and regular communication with the Advisory Board for Safer Gambling. GambleAware's Board of trustees is chaired by Baroness Kate Lampard CBE, former lead non-executive director on the Department of Health & Social Care Board and a trustee of the Esmée Fairbairn Foundation. Other trustees have extensive public health and NHS experience.

## **Funding**

GambleAware has long called for the introduction of a statutory levy on the gambling industry and was delighted to see a levy included in the Gambling White Paper. A levy will enable proper funding oversight, avoid duplication of work and provide a sustainable, transparent and long-term funding model to ensure the successful delivery of the research, treatment and prevention services needed to prevent and treat gambling harms.

Gambling is a serious public health issue and having greater accountability and a government led National Strategy to prevent gambling harm, which is supported by sustainable funding, means all operators can be held accountable. The new statutory levy will give certainty and stability to commissioners like GambleAware, as well as service providers, to make long-term commitments to meet population needs. It will also ensure further separation between the industry and research, education and treatment. Sustainable funding will enable us and those working to reduce gambling harm to increase access to early interventions, expand the number of local systems who can act to prevent gambling harm and develop a commissioning plan which is specifically targeted at help young people and children.
